

SALTÖ

Good days start at night

The wonderful Saltö has all of our well tested technology that makes our beds so comfortable, with a pocket over pocket spring system, that provides the best possible comfort and rest for your body.

Saltö is fully adjustable, so that you may position your body exactly the way you want it to follow your every movements.

When we developed the Saltö, we fulfilled our ambition of creating an adjustable bed with specific comfort. Saltö, relaxation that any member of a family can enjoy.

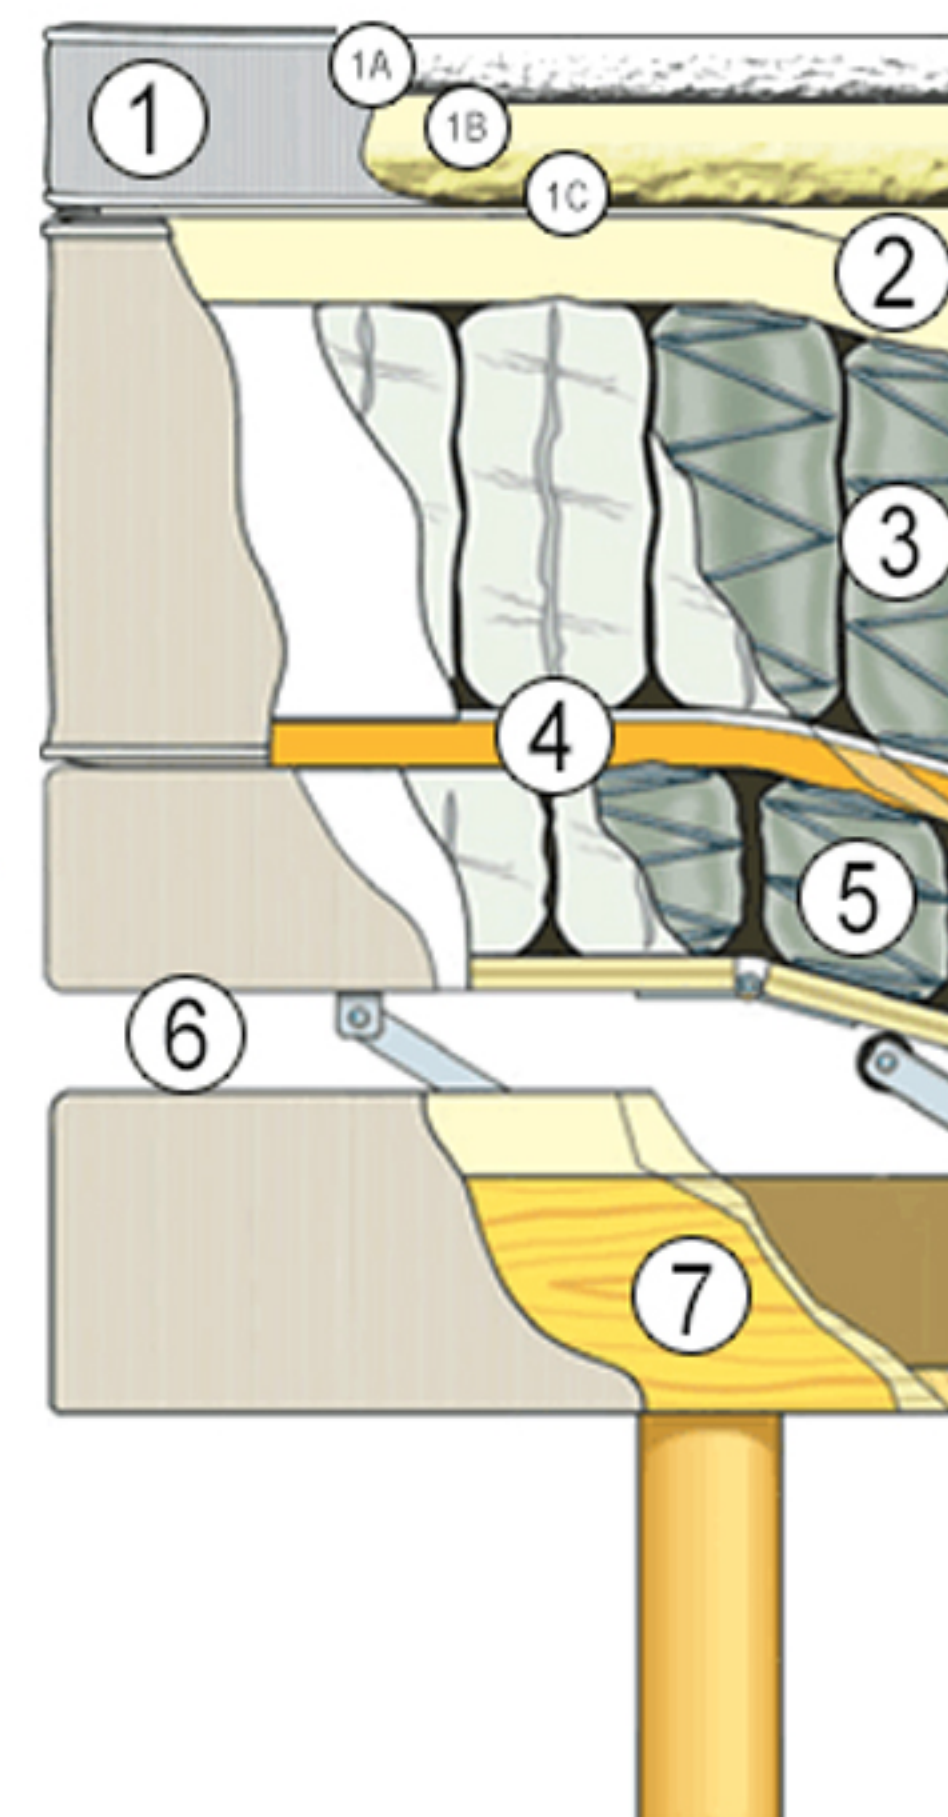

The bed is offered with an attached handheld control and is available with wireless remote control.
